

This is a great shore dive for those that want to go deep. Park your car at the 'Road End' and gear up. You'll find some large flat boulders on which to sit while donning your dive gear. Enter the water and swim away from the shore about 200 yards. The bottom drops off from 30 ft. down to 90+ft. Afterwards, head to the Ellison Bay Bluff County Park and check out the view from high above.
